PETITION FOR UNINTENTIONALLY DELAYED BENEFIT CLAIM

Applicant respectfully petitions the Commissioner under 37 C.F.R. § 1.78(a)(3) or (a)(6) for the grant of an unintentionally delayed benefit claim. When Applicant filed this application, Applicant filed claiming priority to an application filed on January 4, 2001 bearing Express Mail Label EL 389 348 319 US, as Applicants did not have the serial number of this application at the time of the filing of this application.

On May 2, 2002, Applicants submitted a preliminary amendment adding the serial number of the provisional application. The delay in filing this amendment was because the application filed under Express Mail Label EL 389 348 319 US was afforded a utility application serial number instead of a provisional serial number. Applicants then sent a petition requesting conversion of the application to a provisional application, which was granted.

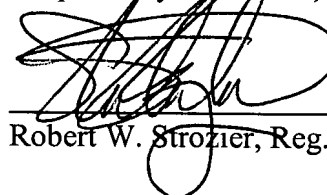

After the May 2, 2002 preliminary amendment, the USPTO sent a Notice of Non-Compliant Amendment. Applicants did not respond to this Notice, but Applicants attorney cannot determine why the response was not responded to. The Notice must have been inadvertently misplaced.

Applicants, therefore, respectfully request that the USPTO grant this petition.

The Commissioner is authorized to charge the petition fee to Deposit Account No. 501518.

Date: **September 10, 2007**

Respectfully Submitted,

Robert W. Strozier, Reg. No. 34,024
